Downeast Lakes
LAND TRUST ®

Today is GivingTuesday - a global day dedicated to supporting the crucial work of non-profit organizations. This year, more than ever before, your donation will help continue to conserve the landscapes you love and promote the traditional economy of the Downeast Lakes region.

Land conservation is a pursuit that holds a constant eye to the future. While most people are focused on daily and weekly tasks, the work completed by DLLT's all-volunteer Board of Directors and DLLT staff is measured in future generations, mirroring the slow growth of a grove of hemlocks or the windings of a trout stream. Your gift today will directly benefit the next generation of stewards of the Downeast Lakes Community Forest. To learn more about the efforts of Downeast Lakes Land Trust, please visit www.downeastlakes.org.
